Our Security Awareness Training at a Glance

BLACK SWAN
CYBER SECURITY SOLUTIONS

We take the boring out of security training by providing a dynamic and entertaining program your employees will love and remember!

1. **Fully Managed**
   Monthly learning assignments are curated and assigned to your team.

2. **Story-driven Content**
   Engaging, story-based episodes keep learners interested and informed.

3. **Progress Tracking**
   Monitor learner progress with monthly summary reports.

4. **Real-world Lessons**
   A full library of episodes about real threats that could target your business.

5. **Phishing Simulations**
   Challenge employees to recognise and report phishing attacks.

6. **Compliance Training**
   Train employees to meet major requirements such as HIPAA, GDPR, PCI, SOC2, and NIST.
